*This race is designed to encourage everyone to give Cyclocross Racing a try, and have fun at the same time. The course will incorporate the terrain located on, inside, and around the Speedway. Separate 'non-dismount' alternative routes will be set up on the course for those who hate to get on-and-off the bike. 80% of the course will be visible from the bleachers, so at least come out and watch if you can't talk yourself into racing. We want this race to be a no pressure, fun event for all ability levels. Boise has been struggling to generate Cyclocross interest, so we are hoping this will help!!*

*Pumpkins given to Top 3 in each Category*  
*Post-Race refreshments provided*  
*Mountain bikes welcome*  
*Goat-Head protection highly recommended*  
*Halloween Costumes encouraged*
